## LATEST NEWS FROM THE UNIVERSITY OF QUEENSLAND

\_\_\_\_

## **LEARNING**

- UQ has moved to its <u>highest</u> ever position in the Academic Ranking of World Universities (ARWU), sitting at 54th globally.
- UQ has launched its world-class makerspace, UQ Innovate, placing the University at the forefront of hands-on education in Australia.
- UQ has partnered with Papua New Guinea technological institution, UNITECH, to <u>collaborate</u> on education and research activities and support sustainable development outcomes across the resources sector.
- UQ's <u>International Development</u> unit delivered Australia Awards Short Courses in Agribusiness (Africa) and Inclusive Governance for Effective Disaster Risk Reduction (Nepal).
- Professor Michael Bruenig has been <u>appointed</u> as the UQ Business School's new Academic Dean and Head of School.
- Twelve academic staff members from the Faculty of Business, Economics, and Law were <u>awarded</u> Higher Education Academy (HEA) fellowships for their outstanding commitment to teaching.
- Fourteen graduates from the Faculty of Business, Economics, and Law have been <u>named</u> University medallists.
- UQ and the Minerals Council of Australia <u>launched</u> Mine Solar Car Lab a new 3D digital game for Minecraft's Education Edition.

# **DISCOVERY**

- A UQ-led international team of researchers say they have <u>discovered</u> "a new kind of quantum time order".
- A UQ study has <u>confirmed</u> a 70-year-old theory of turbulence in fluids and is expected to help address "huge problems" in global engineering and transport.
- One of the most challenging unsolved cryptograms of the Irish Republican Army from the 1920s has been decoded by a UQ data scientist.
- **D4** Research has found that environmental conditions <u>influence</u> body mass index (BMI) by increasing or decreasing the effect of inherited genetic variations.
- **D5** Faecal transplants <u>could be the secret</u> to ensuring koalas can survive into the future.
- The application of a <u>revolutionary</u> alternative to chemical fungicides to protect Australia's \$5 trillion global food and agribusiness sector is spearheaded by UQ researchers.
- A UQ-led discovery may lead to new effective <u>treatments</u> for urinary tract infections.

- **D8** A study has linked increased <u>deforestation</u> in Colombia to armed conflict, mining concessions and forests' proximity to coca crops, the plant from which cocaine is derived.
- **D9** Research has discovered corals that split their <u>spawning</u> over multiple months are improving the resilience of the Great Barrier Reef.
- **D10** According to Dr Nathalie Butt, environmental defenders on the front line of natural resource conflict are being killed at an <u>alarming</u> rate.
- **D11** Doctors from UQ and other Australian institutions have called on the government to <a href="mailto:implement">implement</a> a national action plan to fight sepsis.
- Professor Karen Hussey and Research Fellow Dr Claire Brolan are leading the review and evaluation of best-practice thinking about the optimal form and function of intergovernmental scientific organisations for The Pacific Community (SPC).
- D13 Dr Paul Harpur and UQ researchers were contracted by the NDIS Quality and Safeguards Commission to <u>undertake research</u> to help protect the rights of people living with a disability.

#### **ENGAGEMENT**

- UQ broke the Guinness World Record for the Largest Mindfulness Lesson (Single Venue) as 1417 staff, students, alumni and community flocked to the Great Court.
- Developed with help from Professor Heather Douglas, <u>the updated National Domestic and Family Violence Bench Book</u> will be used as a legal resource to help address national domestic violence.
- UQ Press author Melissa Lucashenko won the Miles Franklin Literary Award, considered Australia's most prestigious literary prize.
- E4 UQ Law hosted the <u>World Legal Summit</u>, held simultaneously in 23 countries via livestream, where experts discussed best practice legislation and regulatory structures for dealing with emerging technologies in a global context.
- UQ alumnus Professor Peter Donnelly was <u>knighted</u> for his research investigating the relationship between human genetics and disease.
- In an Australian first, UQ is driving a new approach to <u>philanthropy</u> in partnering with entrepreneurs to 'pay it forward'.
- **E7** <u>Dr Mucha Mkono</u> was invited to the USA as an expert witness at a hearing of the US House of Representatives committee on natural resources on a piece of proposed legislation (the Cecil Act).
- Marking a second consecutive world-title win, UQ law students <u>competed</u> in the grand final of the 20th International Maritime Law Arbitration Moot.
- Five former Economics Heads of School <u>teamed</u> up to give back and help the Archibald Scholarship endowment meet its fundraising milestone.

- **E10** UQ Sport Learn-to-Swim Instructor Desleigh Jones has <u>received</u> the AUSTSWIM's Queensland Teacher of the Year Award in the 'Access & Inclusion' category.
- **E11** UQ athletes and club members now have <u>access</u> to \$4.2 million worth of new sporting and function space amenities.
- **E12** UQ researchers have <u>published</u> the first ever global dataset of mining-induced displacement and resettlement, giving mining companies an evidence base to develop best practice.
- The UQ Unwrapped <u>initiative</u> has stopped more than 800,000 plastic items from going to landfill in the past eight months.
- Doctors from UQ and other Australian institutions have called on the government to implement a national action plan to fight sepsis.
- Centre for Policy Futures Director <u>Professor Karen Hussey</u> has been invited to be a member of the Australian Academy of Science Expert Working Panel, where she is the Leader of section 5 of the Academy's report on Australia in a 3°C World.
- UQ international students met with members of Parliament as part of the third Queensland International Student Leaders' Forum.
- Bachelor of Physiotherapy (Honours) student Enrique Berrios won a <u>gold medal</u> (Under 21 Individual Male Kata) at the 2019 Australian Karate Federation National Championships.
